Previously I invited EMT Captain Andrew Wordin to speak to us at our next community meeting regarding a recent national conference on Emergency Medical protocols and other first response issues. I am pleased to report that Capt. Wordin will be working that night and will be happy to speak to us. Of course, his availability is ultimately determined by local emergencies. Those of you who have heard him speak to us before know that he is knowledgeable, a capable speaker, and gifted at sharing his knowledge. I hope you can attend.
